

PRESS RELEASE

CHANGE OF NAME - NORAUTRON

EMG Technology announces today that it will collect all of its EMS (Electronic Manufacturing Services) subsidiaries under one common brand: **Norautron**

The various EMS activities within the EMG Technology Group today consist of Norautron AS (Norway), Elektronik Partner AB (Sweden), Vestfold Engineering AS (Norway) and Norautron Suzhou Co Ltd. (China). The Group has over the past years made significant investments in positioning itself as an international actor. The ambition has been to establish a future oriented portfolio of services and solutions based on modern production technologies as well as flexible logistics.

In accordance with its strategy for further growth and globalization, the Group now wishes to gather all of its EMS activities under the brand of **Norautron**.

EMS companies in the Group not already carrying the name Norautron will as of october 1st 2008 change name:

Elektronik Partner AB changes to **Norautron AB**
